

International Conference

EDUCATIONAL ECONOMICS

University of Tartu, Tartu, Estonia, August 26 – 28, 2005

CALL FOR PAPERS

The **International Conference on Educational Economics** will be organized by Faculty of Economics and Business Administration, University of Tartu and will take place at Faculty of Economics and Business Administration in Tartu, Estonia, on **August 26 – 28, 2005**.

The economic theory and business practice have been highlighted the importance of human capital as a key factor for economic growth and development. In formation of human capital a crucial role is played by education. This makes the economic analysis of the educational system or educational economics very important research field. In this framework the aggregation of different researchers into domestic and international network assures the academic environment needed for successful research.

The main topic of the conference will be Educational Economics.

We invite the submission of papers and proposals on four following sub-topics:

- **Education and labor market**
- **Educational market and public policy**
- **Financial management in the educational system**
- **Performance management and remuneration in institutions of education.**
